

Portuguese for Careers

Language Learning to
Prepare Students for
Professional and
Personal Success

Saturday, February 25, 2023

9:00 am - 4:00 pm EST

FIU Modesto Maidique Campus, GL 220

In this workshop, we will provide an overview of what Languages for Specific Purposes (LSP) is and how it is growing around the globe across languages, and then examine Portuguese specifically. Through hands-on activities, we will explore how to easily infuse practical lessons and units promoting careers in your classrooms. Finally, teachers will leave the workshop with multiple free resources that will help them return to their schools with ready-to-use materials to engage their students.

The workshop will be held in Portuguese.
